War to the End Between Brighton and Monmouth Park.

TENNY'S WIN OVER KINGSTON.

A Meddlesome Letter-Writer Gets After George Taylor.

From all appearances, the war between the Brighton Beach and Monmouth Park Racing on talk about a new issue of bonds. Associations will be carried to the bitter end.

whelmingly crush Brighton.

whelmingly crush Brighton.

The defeat of Kingston by Tenny on Saturday was probably talked of more in sporting circles yesterday than anything else. Shrewd judges believed Tenny would win. They are solved and solver and 5,000 barrels of Pennsylvania oil. knew of his fast trial through this column, vania oil. and when they read THE EVENING WORLD'S tip that Tenny would win that made it a certainty. Kingston is a good horse, there can be no doubt of that.

His defeat was due simply and purely to the fact that he was not keyed up to race the distance. He has been racing in five-furlong and six-furlong dushes against seiling platers and winning in a canter. When he had covered that distance on Saturday he wanted to stop and stop he did. Kingston never liked the hill at Morris Park either. Tenny, on the other hand, was in the pink of condition, and his mile and a furlong in 1.52% a few days previous showed that he was as good as he ever has been. He could have won by fifteer lengths if necessary.

George Taylor is in a bad way. Some un-kind things have been said or him in the news-papers recently, and to cap the climax some meddlesone individual has been sending let-ters to his employer, Pierre Loriliard, charg-ing all sorts of things. These letters were signed Garrison but the "Snapper" never wrote them. Taylor is having one of those unexplainable streaks of bad luck which seem to be the lot of every good jockey at times.

The case of Taral at Guttenburg, early in The case of Taral at Guttenburg, early in the year, was a similar one, as was that of Jimny McLaughin, later on. The hooded will be dissolved very soon, though, and then look out for a string of winning mounts. Taylor is looking for the man who wrote those letters, and when be finds him there will be had times for a few moments. It is unnecessary to say that the charges made against Taylor were untrue in every particular.

The decision by the Court of Errors and Appeals of New Jersey regarding the constitutionality of the law which permits betting on race tracks is expected to-inerrow. It ravorable to the racing associations, a wholesale moving may be expected from Morris and Jerome Parks to the Long Branch course.

The Lorillard Stakes, with \$21,000 to the winner, who, by the way, will be Strath-neyth, will be run at Morris Park to-morrow, it will be at a mile and three-eighths. Strathmeath, Pessara, Wanpath and Montana are the principal entries. Potomae is not eligi-ble. His entry was made void by the death of Mr. Belmont. * * (6)

Huron, Ed Corrigan's twe-year-old, is speker of as a dangerous candidate for the Futurity

Philip Dwyer is of the opinion that Eon could have beaten both Tenny and Kingston on Saturday. A mistaken idea. Eon will never see the day when he will be able to defeat Tenny or Kingston.

HALLINGER MAY HANG NOW.

Lawyer Peshall to Abandon the Appeal That Delayed the Hanging. Lawyer Charles J. Peshall, of Jersey City, who succeeded in saving Edward W. Hallinger, the wife murderer, from the gallows on the eve of his execution at the Hudson County jall June 30, to-day said:

"I staved off Hallinger's case by applying to Judge Green, of the United States Court, at Trenton, for a writ of habeus corpus, and, when the writ was dealed, by appealing to the United States Supreme Court.

"I am satisfied, however, that Hallinger will eventually have to swing, although the fight might be prolonged for ten years.

"I have about decided to withdraw the appeal made from Judge Green's decision, and will probably do so in the near future. This will leave Judge Knapp, of the Hudson County Court, free to resultence Hallinger when he sees fit to do so."
